

# **HOPE Consortium**

Supporting Treatment & Recovery in the Northwoods

The Hope Consortium is a partnership of 12 organizations in northcentral Wisconsin that have come together to address growing problems associated with opioid addiction. Focus is placed on detoxification, treatment and recovery oriented systems of care in efforts to improve quality of life and reduce the number of deaths associated with opioid addiction. Those served include men, women and affected family members, with a priority for women of child-bearing age from Oneida, Vilas, Forest, Price and Iron counties and Forest County Potawatomi, Lac du Flambeau Chippewa and Sokaogon Chippewa Tribal Nations.

Treatment and recovery services are available through the HOPE Consortium:
